PER SELLER

Refunds

$0.00 refunded last week across 0 deals, compared with $0.00 in the prior week.

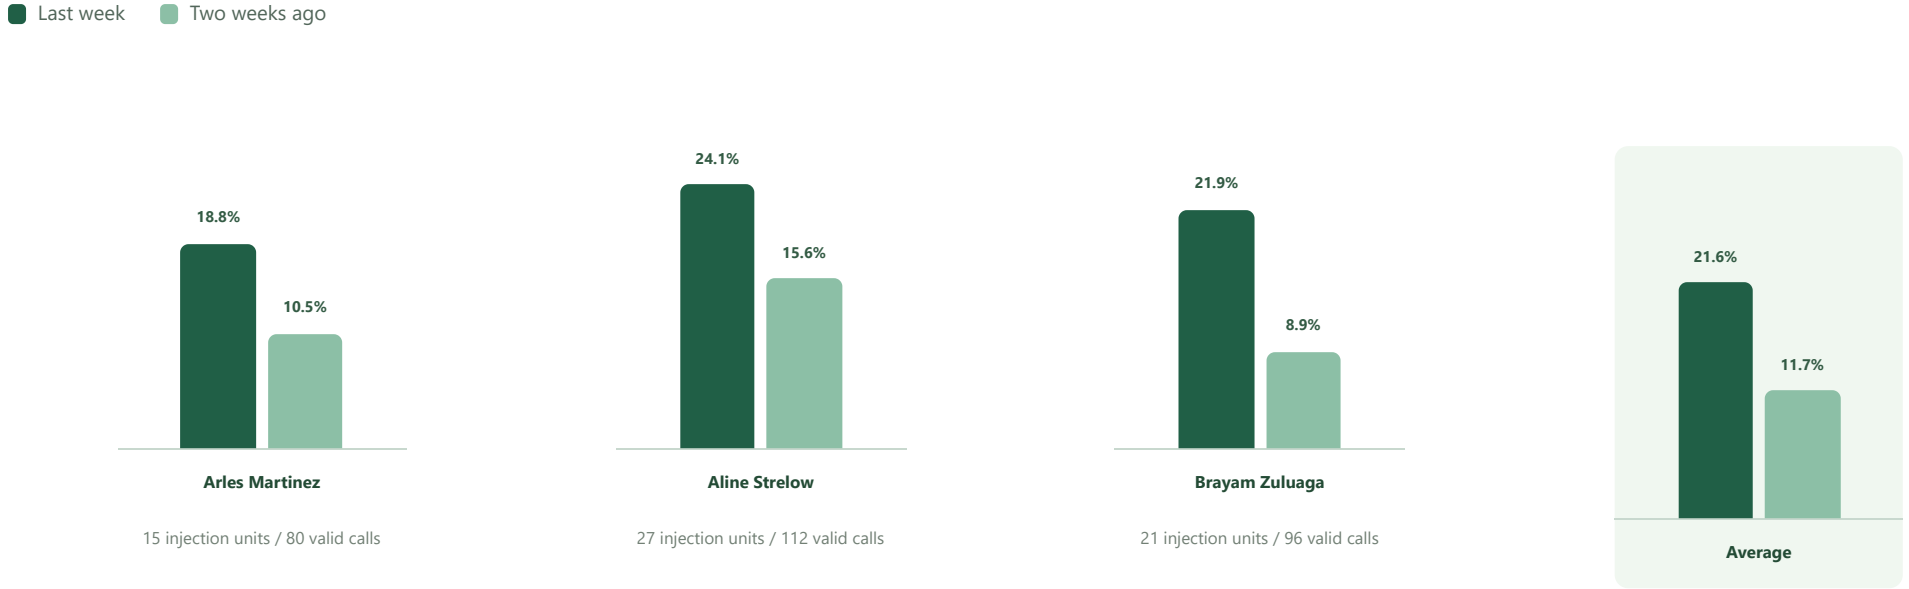

Matches the Refunds dashboard: refund values on deals whose Paid date (all pipelines) is in the selected week, grouped by HubSpot deal owner. This is a paid-deal cohort, not refund-processing-date cash flow. Amounts are shown as positive outflows.

VALID-CALL CONVERSION

Performance

Average agent performance: 21.6% last week versus 11.7% prior.

Weight Loss Injection units sold / valid Aircall calls. Valid calls are answered, finalized calls with more than 60 seconds of connected time, matching Daily. Doxy is not part of this denominator. Average excludes agents with no valid calls.

PAID HUBSPOT DEALS

Average Ticket

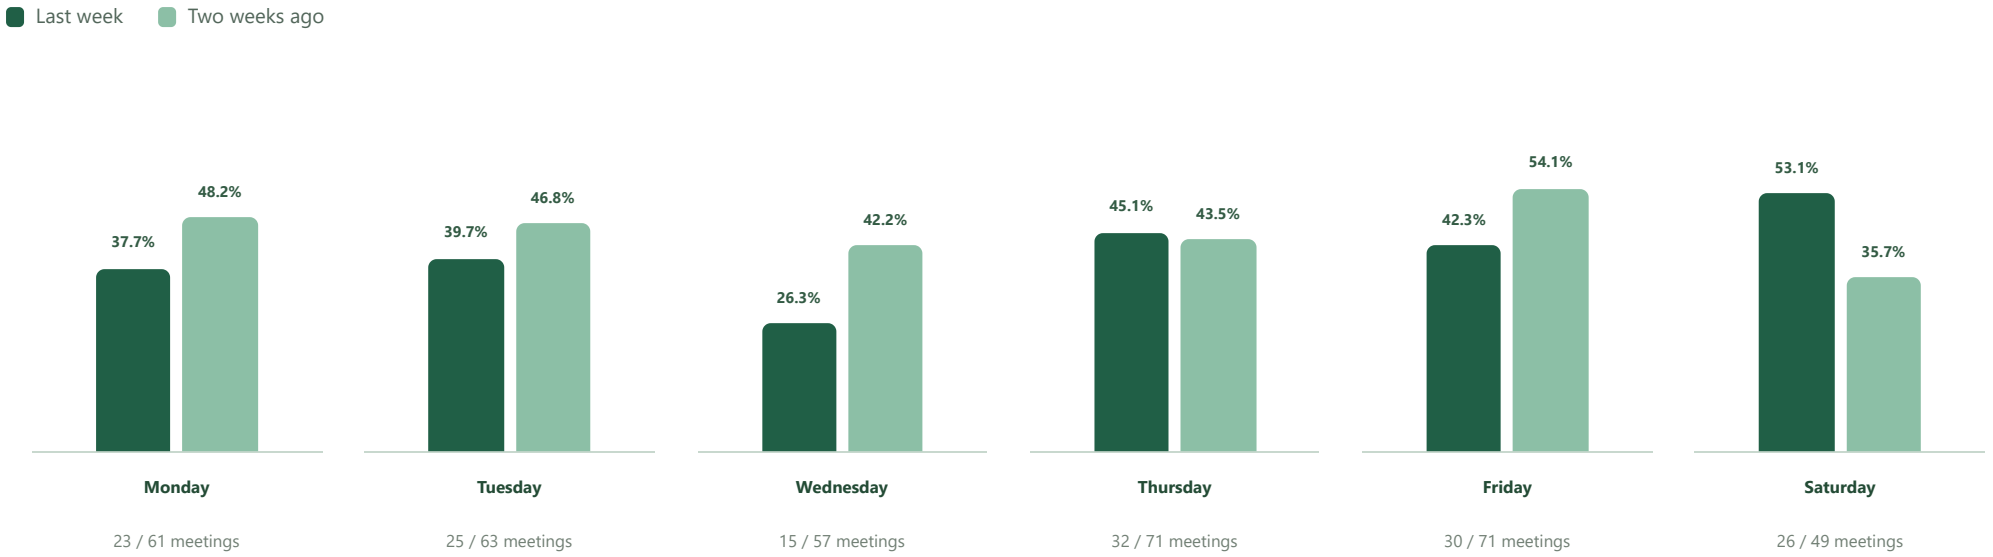

Average agent ticket: $906.29 last week versus $888.28 prior. Team revenue per paid deal: $829.54.

Each agent: revenue / paid deals. The Average bar is the arithmetic mean of defined agent tickets. The team ticket below weights every paid deal equally.

HUBSPOT MEETING OUTCOMES

No-show by Weekday

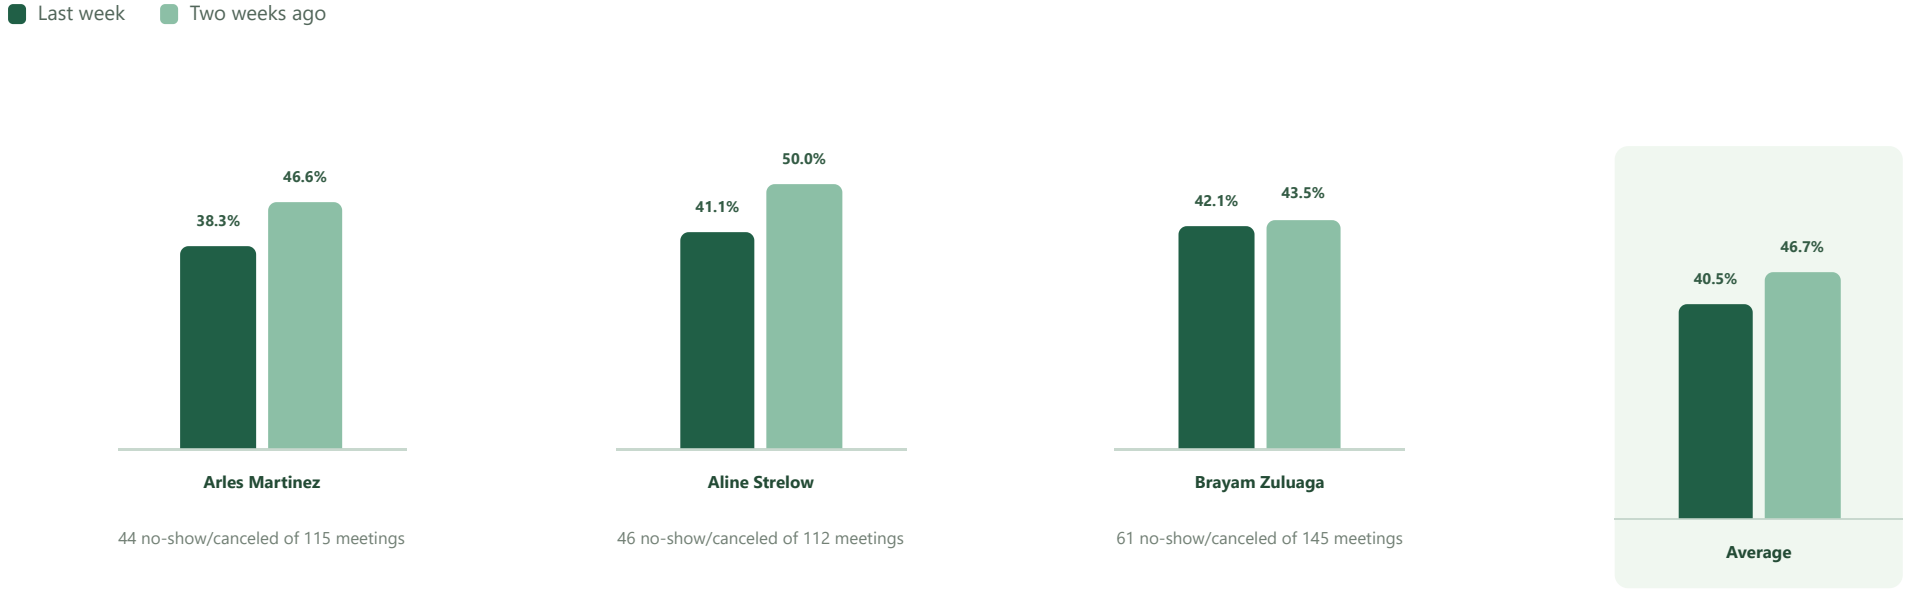

Only this team's meetings starting Monday-Saturday in New York time. No-show = canceled/no-show outcome or a matching meeting-title marker (including Canceled, Cancelled, and Cancelado). The denominator is all scheduled meetings in the selected period.

CANCELED OR NOT ATTENDED MEETINGS

No-show by Seller

Team rate: 40.6% (151/372) versus 46.3% (165/356) prior.

No-show = canceled/no-show outcome or a matching meeting-title marker (including Canceled, Cancelled, and Cancelado). Average is the mean of defined agent rates; the team rate is total no-shows divided by total meetings.

CHANNELS AND CONNECTED TIME
